NO. 150.

DAILY DEMOCRAT.

FF PAYABLE ALWAYS IN ADVANCE

Correspondence of the N. Y. World.
HAVANA, Dec. 12.
I have informed you that a man-of-var and two coasting steamers had left

People pered and rose to the zenith of her glary, 100,000. were better to prevent the growth of such an evil, rather than, when it has got head, to seek the remedy." Machia vel says that "he who goes about making a commonwealth where the lands are persons, and one-half of England by one building the street of the injustice that has been practiced in this way upon the true individual interests of the country.

Va. Parian Marble and Glass: Motus that "every citizen should have an

berily, contentment and happiness. In to the vacancy, Congress passed a law bingland and Scotland the lands are held fixing the number of Supreme Judges at tiy a very few persons, and yet these eight instead of nine, as it had previlend are aneultivated. Wheat and corn are imported, and thousands of people die of hunger and want annually. It wows the purpose of these additional r tion we may, and nowhere can veloped and imexpected conservatism of we find such a poverty-stricken, heart- several of the judges appointed by Mr broken people as the Irish are. Want Lincoln." To any man of average inteland wretched ess are their daily com- ligence this declaration was wholly unot live in Ireland; while the people, to Supreme Court reorganized discontented Ireland, but fail to find it; into a good, old-fashioned despotism and, yet, the problem is easily solved. Vice la republique! Let them destroy this monster, land nonopoly, repeal unjust laws, divide the The Alaska Corruption Fund. land equitably among the people, and The Congressional committee have

away from beneath the feet of the masses equals, in extent, Virginia, Maryland, belaware, Ohio, Pennsylvania, New York Connections. Very New York Connections. her manapolice. The land thus given counstance it is that modest and inco Jersey, New York, Connecticut, Vermoney to be accounted for, and the pulmont, New Hampshire, Maine, Massa-lic would like to know who received in usetts and Rhode Island, with more than f freen millions of acres left, which, alone, would give to each head of a fam- The latest news from this island is less uy in Pennsylvania and New York favorable to the revolutionists than by about sixteen acres; or, taking the whole previous advices. It is rumored, vague-two hundred million acres, it would give by however, that an insurrectionary to every head of a family in the 1 nited movement had taken place in the West States about forty acres, the whole being, in extent of territory, about equal to out, everything has been quiet.

England, Irelaud, Wales, Scotland,
France and Belgium, whose present population is about seventy-live millions' gion, is said to be the seat of the new growth of of the new growt the land thus taken from the people, movement, without their consent, and without the chadow of a right in the Constitution, would make an empire capable of sustaining a population of three hundred porto Biro. The plan of the new Corter consents are the constitution of the new Corter consents.

ent has no right to dispose of public United States census is taken.

domain except to a stual settlers. The domain except to actual settlers. The direct of Congress should be to people the lands as rapidly as possible, but, intended of this, that body has adopted a policy calendated to actually prevent the cutire work having been taken by a prince of them. To illustrate the policy thus far pursued by the Government in regard to this matter, let us take the grants made by Congress to the Illinots Central Railroad. Two millions two hundred thousand acres were given that commany. Of that number, over that company. Of that number, over - Mr. Robert J. Walker, i seems a. Taking to I blars as the Washington Chroniele, also received to go pree 1 t are, we have the \$5,000, because his paper had been whind rever did have one dollar invested in ing for other people who were "rementioned lands, yet, they sell them, to be bered." pad for in installments, so much per car, and so a per carl, thereal, principal, and interest to be paid a dance! I're in the six per cent, interest, the use of the tracy paid in advance, the forfeits of the company and improvements, they have lixed about 6 or millions of dollars are making in all, it least nineteen fions of hollars. The company have Wions of dollars. The company have groat one infl.iou feres yet to sell, ar l transaction.

DAILY DEMOCRAT millions five hundred theusaud acres thus given to the Illinois Central railand twesty-"ve thousand dollars-leav- Fings &

ing a balance in favor of the company, sile Land Monopely and the Rights of the and against the people of 801, 77,000-0 tax paid by the parenasers of these lands to this railroad company and land James M. I. Il has past to e The proper disposition of the public monopoly! Had the lands under conlands is a subject of vital importance to sideration been sold to actual settlers at settlers at sold in the conland of the public monopoly! Had the lands under conlands is a subject of vital importance to sideration been sold to actual settlers at settlers at sold in the conland of the public monopoly! the people, irrespective of class or occu- government price, and the proceeds nation. No republican government has pledged to the campany; or, what withstood the blighting and withering would have been still better, had Con nfluence of land monopoly. History demonstrates this at every turn. In the sum of \$3,125,000, if they must give away ownership of the soil lies the foundation something) and given the lands in small of manhood, independence, liberty and parcels to actual settlers, we would see avilization. In the first stage of her ex-

istence, with "lands to all," Rome pros- upon these lands, a population of at least most magnificant while in the second phase, "lands to the they," was the cause of her total destruc-Lord Bacon says: "Let States take should be. Instead of giving the land on Market treet, I wren Treet at 1 Fan heed how the landed aristocracy multi- to railroad companies it should be given ply, for thus is the dignity of the people to the people, actual settlers. Had the Monday, und the sexual lost and serfdom established." Aristotle 2.500,000 acres given to the Illimois Cen- paremptery, by 1 v. of the says; "When the lands become concentrated in the hands of the few, the balcels of not less than forty ner more than ance of power, in a commonwealth, is one hundred scres, and the \$3,125,000. The Trade Patree Dry Goods Stere slestroyed, and is an occasion of sedition, been given tu poor but deserving workwhich ends in monarchy, to prevent ing men, to assist them in getting to the kinds of dry go ds, and will carrie which confiscation had been adopted in land and making a start upon it, every several of the States of Greece; but i' acre of it would now be occupied and were better to prevent the growth of under cultivation, sustaining a popula-

owned by the few, unless he first de-their labor, at half the present rates for the few, unless he first de-their labor, at half the present rates for the few, unless he first de-their labor, at half the present rates for the few, unless he first de-their labor, at half the present rates for the few, unless he first de-their labor, at half the present rates for the few, unless he first de-their labor, at half the present rates for the few of the f troys them, undertakes an impossibili freight and doing ten times the amount ty; and he who attempts to destroy a of business done by the present road nwe lth, where the condition of We have selected the Illinois Central the people is equal, shall never bring it simply to illustrate the fearful usurpation are the best or use for unking of kinds John Adams says: "The tion now being practiced upon the rights lands of New England were generally of the people, and to trace an example of the British politicians was to change of which is hostile to every principle leters in. this by putting the titles to the lands in of popular liberty. What we have stated the cele the hands of a few aristocrats, as fixing respecting this remarkable instance will a firm foundation for their form of gov- hold good as applied to all other grants rement." John Bright tells us that to railroad companies, corporations and cone-half of Scotland is owned by twelve individuals. Enough, however, is said 60008.

preme Court.

should not be wold;" that "there is no power in the Constitution by which A few days ago, Mr. Wilson, of Massa- and Bohemian Glass. Parian special land grants can be made." And chusetts, brought forward in the Senate Sir Edmand Burke tells us that "the long-expected bill for the reorganically interest which the Government can be made." And chusetts, brought forward in the Senate Supermediate Court of the Supreme Court of the Stands, and general goods for Stands, and general goods for Stands. can have in the public lands is in secur United States. It provides, amongst Stands, and general goods for ing their early occupation and settle other things, for the appointment of six the little folks, and new goods in usent." Thus we find the opinions of the additional judges by the next President. Silver-Plated Ware, just received the reason avowed by Mr. Wilson for and must be said by Christman he proposed increase in the number of Wherever we find the land in the hands the Judges, was that the present mun. Prices will be offered to usure of the few we find the masses of the peo- ber (eight is too small for the business sales. Call and see at ROGERS the reduced to poverty or want; and devolving upon the Court. But it will House-Fernishing Emporium wherever we find the rights and privi-leges of the people equal, and the land of the Justices in 186, to prevent Mr. divided fairly among all, we find pros- Johnson from appointing a censervative Fourth and Fifthountries are densely peopled, and the ously been. In less than two years toiling millions constantly seeking an Congress ascertains that the business of and New Year's Giffs, at

ont-l t. Thousands of acres of the finest the Court requires are additional judges. for instance, at Ireland! appointments to be necessary to coun eyes in whatever di teract the effects of "the suddenly do-

panions, from which they are fleeing as necessary. The real purpose is too med flee from pestilence and death. For transparent not to be seen through by three hundred years the Irish people the most ordinary intellect. "The sun have grouned beneath the blighting in- denly developed and unexpected conduences of land monopoly and aristo- servatism" of Chase, Greer, Nelson, Da- ent stock of Staves, we will, from eratic government! Every effort of this vis and others, is to be swallowed up great but unfortunate people to shake off and negatived by the accession of six this doctability group of these mousters, judges of the unadulterated "God and has been met by contiscation, banish-humanity" type. After which the wildcontand death, until now we find the est dream of the Radical Congress need No. 32 Fourth M. 12t. Main and whole of the land in the bands of a few fear no obstacle to its fulfillment. With Market. udividuals of professed "loyalty" to the Executive department reduced to a the British crown-most of whom do state of complete subordination, and the

whom the land rightly belongs, have "progressive principles" of Radicalism, been literally driven from the soil and and the States suppressed, as Mr. Bing- at Rogers' House-l'ucuishing Emlorced to a condition of servitude. Eng- ham threatened to do with Oregon a few lish Statesmen are seeking a remedy for days ago, why we can then settle down Fourth and Fifth.

The Congressional committee have conserved thus far succeeded in mearthing but thus far succeeded in the succeeded in the far succeeded in the succeeded in the far s Compression and its consequences.

Monstrous and pernicions as are the land monopolies of England and other portions of Europe, they are as nothing to the landed a stocracy rapidly building up in the United States. It is but a few years since Congress began the work few years since Congress began the work where the possession of the Alaska purchase appropriation—\$25,000 to Robert J. Walker and offer my Large and College of Training States. It is but a few years since Congress began the work few years since Congress began the work few years since Congress began the work in the possession of the Alaska purchase appropriation—\$25,000 to Robert J. Walker and offer my Large and College of Training States and weres have been granted to railroads and who did receive it. What a lucky riv-
